If you have multiple email accounts you can set up email forwarding in order to get all your emails in your SBCGlobal inbox. You can refer to the steps below to forward emails from Outlook to SBCGlobal email:

- Visit to your Outlook email account website and sign in.
- Open your email settings and select the option to forward email.
- Enter your SBCGlobal email address and save the mail changes.
- Log in to your SBCGlobal account and check if your emails are being forwarded.

If you find that you are not getting the emails you can call the SBCGlobal customer support phone number and ask for additional assistance.
