

Fix QuickBooks not connecting to the bank?

Posted by Gotaxation - 2019/07/25 23:47

If you are unable to connect QuickBooks to bank, you might be using an incorrect method. Refer to the steps mentioned below to connect your QuickBooks to the bank:

- Step 1: Visit the main page
- Step 2: Go to 'Bank accounts' option and select 'connect account.'
- Step 3: Now, select your bank
- Step 4: Enter the login credentials and sign in
- Step 5: Now, from the given options, choose the account you want to connect.

This is the correct procedure for connecting QuickBooks to the bank. If you still encounter problems while connecting to the bank, you can dial QuickBooks help number and seek help from the experts.
