The models should be in your model manager. Click "Seller CP" then click "Model Manager". There you should see a page with the models listed.

Let me know if you have any trouble.

I can't see "Seller CP". Maybe have I got to login as a seller?

OK you must have a buerus account. What you need to do is go to "My Account" > "Profile"> "Edit Profile"> click the red word "change" next to current profile type. Change it to "Seller". Now as a seller, you should have access to the Seller CP tab.

Please let me know if this works.
