_____

Having an issue to activate hulu on your Roku TV?

Follow the below steps and activate Hulu on Roku as soon as possible:

Launch Hulu application on your Smart TV.

Log into your Hulu account with the valid Credentials. In case, you are new on Hulu then, create a new account on Hulu.

Once you login Hulu on your TV, 6-digit code will appear on your screen.

Note down this activation code and open the www.hulu.com/activate in your web browser

Now, Enter Hulu code into the code field.

Click on the activation button; wait until 25 to 30 seconds and your hulu activate successfully on Roku.
