

## Searching for a 3D-printing Company in Germany

Posted by Mr-Ich - 2013/07/03 15:03

---

Hey everybody,

I am trying to finish my 3D-project for university. Because of this I am searching for a 3D-printing Company. Is there anyone who could help me? :)

It would be great if someone knows a company in Germany, but in general I am happy about all hints you can give me.

Best regards

Mr-Ich

Hello Mr-Ich,

Kraftwurx operates a number of 3d printing facilities world-wide including Germany. Please feel free to place orders directly on Kraftwurx.com for deliver to Germany.
