

## WHAT IS KRAFTWURX?

Kraftwurx is a community that empowers Digital Artists, 3D designers & Engineers To Sell their ideas to the world, printed in 3D.

We're the leading edge of the emerging trend in Democratized Manufacturing where new products are not just made but also customized by you, for you.

Designers create products, upload them to Kraftwurx and we turn them into printable products manufactured through Additive Fabrication.

Welcome to [kraftwurx.com](http://kraftwurx.com), create your bureau account today.

Kraftwurx Public BETA-LAUNCH

November 2011!

### **Let us Grow 3D Together**

Kraftwurx partners with bureaus to produce products for our customers helping to ensure maximum printer utilization at your bureau. We also leverage your extensive experience and skills in additive fabrication, engineering and Manufacturing.

We want to grow with you and urge you to actively participate in the community and help us grow the Direct Digital Manufacturing world. Join the Community, promote your business, help teach the world about 3D printing, earn money and be part of the next industrial revolution! Sign up for a bureau account and let our patent-pending Made-To-Order Digital Manufacturing Enterprise System work for you!
